

# FOCUS MEDICAL

## Conference Reference Guide

Focus Medical manages over thirty GI/Liver Conferences every year. We are offering additional CME and non-CME opportunities for companies interested in providing education to key providers in the community that manage GI and Liver diseases. These opportunities include symposium presentations at the live conferences, digital conference coverage for a specific product or disease state, and post conference virtual presentations highlighting emerging and compelling data from the conference(s) of your choice.

To learn more about Focus Medical, please go to [www.focusmeded.com](http://www.focusmeded.com), For more information or to discuss available opportunities, please contact us at [info@focusmeded.com](mailto:info@focusmeded.com).
